

SamanTree Medical is a Belgian-Swiss **innovative medical device company**. The company develops and manufactures a breakthrough imaging solution that improves **patient care** and **cancer surgery outcome**.

SamanTree Medical offers real-time ability to identify cancerous tissues. This new visualization modality covers a broad range of surgical and diagnostic applications. The company commercializes its devices in **European hospitals**, and targets a global business development.

SamanTree Medical lately raised 12Mio€ and opens a new office in Liège, Belgium. For more information, please visit <https://www.samantree.com/>

To ensure the growth of SamanTree Medical headquarters located in **Liège**, we are looking for a:

## Field Service Engineer (M/F)

### RESPONSABILITIES

Reporting to the Service Manager, the Field Service Engineer is part of the Operations team. In this role, you will conduct service & maintenance activities and will support logistics.

Your main responsibilities are:

- Perform the **Quality Control, installation, service, and repair** activities primarily in Europe.
- Organize and perform the service and routine **testing activities**.
- Continuously review and propose **improvements**.
- Ensure the **safety, compliance, performance, and business processes** are respected.
- Organize and support logistic activities (e.g. shipments, returns).
- Generate and review quality and technical related documents in English.
- Ensure test equipment is maintained, calibrated and where required validated.
- Identify and submit **non compliances** for approval and take appropriate actions.

### PROFILE

- You have a Bachelor's degree in electronics or equivalent through experience.
- You have at least **2 years of experience** in a service and maintenance role in a highly controlled environment such as medtech, aviation, aerospace, automotive, etc.
- You have **mechatronics technical** hands-on-skills.

- You are organized, self-driven, and autonomous.
- You are team-oriented, agile, solutions- and customer-oriented.
- You have strong **attention to detail** and respect **regulatory obligations**.
- You fluently communicate in **English**. French or any other language is a plus.
- You are ready to **travel**, possess a **driving license**, and hold a **valid EU work permit**.

## OFFER

- A challenging and diversified position within a **high-potential fast-growing innovative medical device company**.
- A professional training provided in Switzerland.
- The opportunity to participate in the development of the company.
- To work in a **human size**, dynamic, respectful, and professional environment.
- **International** exposure, with learning and development opportunities.
- An attractive compensation package in line with the position responsibilities and your experience.
