

Based in the area of Charleroi, our client is an industrial company active in **energy and automation** technologies.

Technological leader and pioneer in its field, our client develops high-quality **energy solutions to accelerate the energy transition** towards a sustainable future.

To ensure their strong growth, we are looking for a HRBP - Energy (M/F).

HRBP - Energy

RESPONSIBILITIES

In this role you will be supporting the dynamic growth of the business, driving HR processes, ensuring compliance, and enhancing HR contributions. You are part of the management team in Charleroi, and you report to the Hub HRBP.

- Leading the development of strong partnerships with local managers, working closely with the Factory Manager to ensure compliant and effective HR practices that align with business objectives.
- Leading the implementation of workforce planning, performance management, succession planning, and talent management processes.
- Ensuring compliance adherence to local labor laws and company policies, fulfilling fiduciary duties on behalf of the local legal entity.
- Providing strategic support for business growth by coaching and guiding key people management activities, including performance management, employee relations, talent management, hiring, and recruitment.
- Facilitating effective internal communications on HR-related topics to all stakeholder groups, driving alignment and collaboration within the HR team.
- Seeking opportunities for improvement, simplification and harmonization of HR processes within the country.
- Acts as the country's labor relations manager, fostering strong relationships with key stakeholders and negotiating agreements with worker councils and employee representative groups.
- Living Company's core values of safety and integrity, which means taking responsibility for your own actions while caring for your colleagues and the business.

PROFILE

- You hold a master's degree.
- You have minimum 5 years of experience in HR operations management, international exposure is a strong asset.

- You demonstrate successful experience in an industrial environment, with a strong understanding of business drivers and ability to utilize HR as a business partner.
- A proactive mindset for continuous improvement, process optimization is highly valued.
- Experience in maintaining effective work council relationship, experienced in change management and transformation projects.
- Excellent negotiation, communication, and leadership skills. Capability to prioritize tasks and coordinate cross functional collaboration.
- Proven leadership skills with a collaborative result focused on action-oriented approach with strong analytical skills and attention to detail.
- You are fluent in French and English.

OFFER

- The opportunity to join a company with a worldwide reputation in its sector.
- A full-time job with a permanent contract and a competitive compensation package salary in line with your experience.
- A pleasant working environment and the opportunity to join a dynamic team on a human scale.
- To take part of innovative project within an international company.
