

Based in the area of **Charleroi**, our client is an industrial company active in energy and automation technologies.

Technological leader and pioneer in its field, our client develops high-quality **energy solutions** to accelerate the energy transition towards a sustainable future.

To ensure their strong growth, we are looking for a:

Plant Finance Manager (M/F)

RESPONSIBILITIES

You play a key role in the **financial management of the production site**. As a strategic partner to management, you will **drive the plant's economic performance**, support decision-making and actively contribute to the continuous improvement of financial and operational processes.

Your main responsibilities are:

- Oversee the **site's financial performance** by monitoring results, analyzing variances and proposing corrective measures.
- Transform **budgets into concrete action plans** and measurable targets through in-depth and relevant financial analysis, and execute the **business planning & forecasting** processes.
- Guarantee **compliance with internal and external regulations**, while ensuring the effectiveness of internal controls.
- Implement strategies to **reduce costs and optimize resources** and processes.
- Collaborate with management and internal stakeholders (Operations, Sales, HR...) to ensure **strategic alignment** between financial performance and corporate ambitions.
- Develop a **culture of continuous improvement** by setting financial standards and promoting best practices across the site.
- Ensure **financial reporting** by using processes and tools necessary to obtain transparent and reliable financial data & business information.

PROFILE

- Master in finance/business administration/accounting or equivalent through experience.
- Minimum 5 years of experience in a similar position, ideally within industry.
- Experience with ERP systems (preferably SAP4/Hana).
- Fluent in English & French.
- Proactive, self-driven personality, team player & “can do” attitude.
- Strong interpersonal and business partnering skills.
- Attention to details with the ability to see a broader picture.

OFFER

- The opportunity to join a company with a worldwide reputation in its sector.
- A full-time job with a permanent contract and a competitive compensation package salary, in line with your experience.
- A technical work environment and the opportunity to join a dynamic team on a human scale.
